PILOTAGE

MV Balmoral was due to arrive on the 24th of June but unfortunately the vessel has been delayed until the 29th of June.

MV Balmoral was scheduled to be in the area for a fortnight in June/July and a further 11 days in September. I intend to be aboard as much as possible.

**HARBOUR MASTERS REPORT 4th July 2017**
Part 1 – MARINE**PATROL RIB**

Is ready for service and as the main season is fast approaching more regular patrols will be undertaken from late July through to mid-September.

The berthing of the vessel at Doc Fictoria is proving to be more than adequate and allows greater control/management of the times the vessel is utilised. Along with the saving on berthing fees.
